Career Objectives

Dedicated computer science student with experience in full-stack web development. Seeking a role where I can grow, contribute my skills, and learn from experienced team members, drawing on the project experience I have successfully executed.

Education

Program	Institution	CPI	Year
B.Tech in Computer Science & Engineering	Marwadi University, Rajkot	7.03	2021-Present
Program	Institution	Percentage	Year
Senior Secondary (GHSEB)	BAPS Gurukul, Gondal	72%	2020-21
Program	Institution	Percentage	Year
Higher Secondary (GSEB)	BAPS Gurukul, Gondal	74%	2018-19

Skills

Languages: C, C++, Java, JavaScript
Technologies: ReactJS, NodeJS, ExpressJS, HTML5, CSS3, Bootstrap, MongoDB, MySQL

Key Projects

- E-commerce Website (The Look Shop)*
- Developed a full-stack e-commerce platform for clothing using ReactJS, NodeJS, MongoDB, ExpressJS, and integrated Stripe for payments.
 - Key features include user authentication, product catalog, shopping cart, user profiles, and admin dashboard.
- Car Rental System (CARHUBB)*
- Created a specialized car rental system for vendors using ReactJS, NodeJS, MongoDB, and RazorPay for payments.
 - Implemented a secure booking system and streamlined vendor management.
- Student Result Management System*
- Built a Java-based web application to manage student results with secure login and personalized portals.
 - Technologies used: Java, MySQL, HTML/CSS.

Internship

Praxware Technologies, Ahmedabad
Intern Jan 2023 - Feb 2023

- Led a team of 4 to develop a full-stack e-commerce platform using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Strengthened abilities in full-stack web development, database management, and user-friendly interface design through hands-on experience, ensuring the project's success and meeting team objectives.

Certifications

React Developer Course: Udemy
The MERN Stack and FSD: Infosys Springboard
Prompt Engineering: Infosys Springboard
Database Programming with SQL: Oracle Academy
