EDUCATION

MARWADI UNIVERSITY BTech CSE	CPI:7.00	2021-Present
BAPS GURUKUL GONDAL (GHSEB)	73%	2020-21
BAPS GURUKUL GONDAL (GSEB)	75%	2018-19

PROJECT

E-commerce website
• **Tools And Technologies**:HTML,CSS,JavaScript, Php,MySQL,Stripe.
• "E-commerce website" is an e-commerce platform for clothing,showcasing my web development skills.
• Key functionalities include user authentication, product catalog, shopping cart with Stripe Gateway payments, user profiles, and an intuitive admin dashboard, ensuring a seamless e-commerce experience.

Online Voting System
• **Tools And Technologies** :HTML,CSS,JS,Php,MySQL.
• Designed and developed a secure online voting platform, enhancing election integrity and transparency with realtime vote counting and user authentication.
• Created an intuitive user interface and streamlined administrative processes.

Car Rental System
• **Tools And Technologies** :ReactJS,NodeJS,MongoDB, ExpressJs,Stripe.
• "CARHUBB" is a specialized car rental system catering to vendors, providing streamlined vendor management and detailed vehicle listings.
• It features a user-friendly booking system, secure payment integration, and comprehensive reporting capabilities,

Student Result Management System
• **Tools And Technologies** : Java, HTML/CSS, MySQL.
• Developed an **Advanced Java web application** for a Student Result Management System, enabling admin users to input and manage result data.
• Implemented a secure login system for students to access their results on a personalized portal, with features for viewing and printing results.

INTERNSHIP

Praxware Technologies
Jan 2023 - Feb 2023   Intern Ahmedabad, Gujarat

• Led a team of 4 individuals during my internship, focusing on gaining expertise in the MERN Stack (MongoDB, Express.js, React.js, Node.js) and applying these skills to develop a comprehensive e-commerce clothing website.
• Strengthened abilities in full-stack web development, database management, and user-friendly interface design through hands-on experience, ensuring the project's success and meeting team objectives.

SKILLS

Programming languages: C, C++, Java, Javascript,Php.

Tools And Technologies: HTML5, CSS3, MongoDB, MySQL, Bootstrap, ReactJS, NodeJS, Git, LaTeX.

Certifications

- React-complete Developer Course with Hands-on Projects (Udemy)
- CSS (Basic) | HackerRank Certifie

INTEREST / HOBBIES

- PC Gaming
- Cycling
- Badminton
- Cricket

EXTRA-CURRICULAR ACTIVITIES

Coordinator at MU Fest 2024 in Technical Event.
